

# DIABETES RESEARCH

**Are you 12-30 years old with type 1 diabetes?  
Interested in diabetes research?**

**Researchers from the Division of Pediatric Endocrinology  
at The Children's Hospital at Montefiore/Albert Einstein  
College of Medicine are currently conducting two research  
studies to look at the effects of Symlin & Byetta on  
after meal blood sugars.**

**One study has 3 overnight visits with \$700 compensation  
and the other has 5 outpatient visits over a 6-7 month period  
with \$640 compensation**

**If interested, please contact us!**

**Tel: (718) 741-2195 • Email: [vrenukun@montefiore.org](mailto:vrenukun@montefiore.org)**
